Provo, Utah Co., Feb. 16 .- Geo. E. Blair and R. W. Sloan appeared before the city council last evening and ex-

plained the benefits to be derived by

Utah from the book, "The Mountain Empire," which they will publish, and

distribute in the Louisiana Purchase

exposition this summer, and invited the

city to subscribe \$500 towards the pub-

lication of the work. The matter was

referred to a special committee; Coun-

cilmen Booth, Decker, Johnson, Roberts, Miller and President Snow. A communication was received from the Chemical National bank of New

York, addresed to the city treasurer, stating that the coupons of the waterworks bonds were received from the Hartford National Bank of Hartford,

Connecticut, and that a comunication addressed to said bank might bring in-

names of the parties who held the bonds, with a view to buying some of

the bonds with the money, about \$8,000 now in the sinking fund.

The committee on license presented the reports on the petition of the Nestle

Brewing Co. for a rebate or reduc-tion of license for the first year. The minority report recomended that no re-

duction be made; it was signed by Councilmen Booth and Partridge; and

the majority report, signed by Chair-man Johnson, recomended that the company be granted permission to run

for three months without paying a license, which would be a reduction of

grounds and city property.

The committee on fire departmen

presented a report recommending changes in public buildings as a pre-

cautionary measure against accidents from fire. The report was adopted

That paper scraps be removed from basement of opera house; that the bal-

lustrade back of the dress circle be removed for about eight feet on each

end and that three firemen be statione

at the stand pipe on the stage instead of two, as at present. That the doors in the main exits of the high school

and college hall buildings of the B. Y

University be changed to swing out-wards and that the stand pipe in the

training school building be extended above the gymnasium floor with hose at-

tached and that at all public gatherings

in said building two persons trained to

handle the hose be present. It would

also be advisable to have stand pipes and hose in the high school and col-

MEETING OF COUNTY FRUIT GROWERS.

Needs and Conditions of the Fruit Industry in Weber County Considered.

TREE INSPECTOR APPOINTED.

Session of City Council-Sidewalks to Be Repaired-Suit for Divorce -Wedding.

Council held regular session last evehing, at which the following business was transacted:

Report from the public building committee was submitted recommending repairs to the city hall building and the changing of the recorder's and auditor's offices to the large room formerly occupied by the library. The proposed mprovements will invoive an expenditure of \$2,600, but in its present condition it presents a very shabby and neglected appearance, besides lacking suitable accommodations for public offices. Action on the matter was deferred for further consideration.

FRUIT CROWING IN WEBER.

A meeting of the fruitgrowers of Weber county was held in this city on Saturday last, called by the county commissioners for the purpose of learning the conditions of the fruit industry in the county and to devise means to promote the general welfare of the growers. Mr. Mons Peterson was present and represented the state board f horticulture, urging the appointment of a county board and a fruit tree intor, that a systematic effort might e made to war against insect pests and Elseases which menace the fruit interests of the county. Chairman Joseph Stanford of the county board and Atty. uch interest in the discussion. The oard was generalaly conceded, as pear light, San Jose scale and other pests ere making headway in the county.
At the meeting of the county comssioners yesterday, Chairman Stanrd and County Atty. Hulaniski submitted their report as a committee, upon the horticultural conditions of Weber county. The report is of special iterest to fruitgrowers, and is given

Ogden, Utah, Feb. 15, 1904. To the Board of County Commissioners, Weber County, Utah. Gentlemen-Your committee on horticulture and the appointment of a coun-ty fruit tree inspector beg to report hat pursuant to appointment we met with 30 or more of the leading fruitgrowers of Weber county in the commissioners' room at the courthouse on Saturday, Feb. 13. After a brief review by Mr. Stanford of the operations of the horticultural laws as amended and passed by the state Legislature in 1899, 901 and 1903 especially referring to the inconstitutional provisions of said law of 1901, and which was declared unconstitutional by the supreme court of the state confirming the judgment of Judge H. H. Rolapp in the lower court that the law deprived boards of unty commissioners of their right to entrol expenditure of public funds of the county in this direction. The board, however, desiring to meet the needs wants of the fruitgrowers of We-county in the protection of their all kinds incident to fruitalsing, appointed, under section 1176 of the revised statutes of 1898, a fruit inspector. This appointment by the board falled to give satisfaction, and an effort was therefore made in July It to bring the fruitgrowers together confer with them in the appoint-ent of a fruit tree inspector, but the wers falling to respond the comee convened the present meeting to

btain an expression of those interested

On behalf of the board, Mr. Stanford

this important question.

I stated that the commissioners were in full sympathy for the adoption of any legal measure for the protection of the fruit industry, and in the appointment

fruit industry, and in the appointment of a county fruit tree inspector, provid-ing one could be obtained who was competent and proficent to discharge the duties of that office. County Attorney E. T. Hulaniski ex-pressed himself on the situation to the same effect. He did not believe it prop. er to expend county funds in the appointment of an inspector unless qual-ified to perform the duties of the office, because such an appointment would be a waste of public funds. Commissioner William G. Wilson be.

ing present expressed himself in a sim-

ilar manner and assured those present that the county commissioners always had been willing to perform their part in the obliteration of orchard pests and all diseases incident to fruitraising. Messrs. Charles Zeimer, J. Ballan-tyne, E. G. McGriff, John and Andrew Wilson, Bishops Bramwell and Smuin, and others, expressed themselves as manner and assured those present and others, expressed themselves as being satisfied with the efforts and action of the board of commissioners in the matters referred to in the interests of the orchardists of this county. They had not received, however, an equiva-lent in service and effective work for a long time past by the fruit tree inspec-tors of the county. They believed that men who were well informed and had force of character to enforce the pro-visions of the horticultural law in the protection of the fruit industry should only be employed as fruit tree inspecemployed as fruit tree inspectors. After a lengthy discussion on the subject by these gentlemen and other present, on being asked by the chairman, to name suitable persons for the position, the names of David Moore, Robert E. Wilson and John J. Barker were suggested, as either one would be acceptable to those present for the appointment as fruit tree inspector. After a brief address by Mons Peterson, of the state heard of bertiently to the state heard of the of the state board of horticulture, the matter was taken under advisement.

Your committee therefore recommends that a county fruittree inspec-tor be appointed under the provisions of section 1176 of the revised statutes of 1898, said inspector to perform his duties under the direction of the state board of horticulture, and to serve as such inspector during such portion of each year as the board of county commissioners may direct, and for such service he be paid \$3 per day for the time actually and necessarily employed.

Very respectfully submitted,

JOSEPH STANFORD,

E. T. HULANISKI,

Committee.

INSPECTOR APPOINTED. The report of the committee was adopted and its recommendation to appoint a fruit tree inspector was acted upon at once by the appointment of Robert E. Wilson to the position, and he will immediately qualify and enter

upon his duties.

Mr. Wilson has had considerable experience in fruit raising, and it is believed will make an excellent inspector. He will receive as compensation \$3 per day for work actually done in inspecting orchards and performing his du-

meeting of the fruit growers of the county is to be held next Saturday for the purpose of organizing a fruit growers' association. The addition to the county infirmary

was accepted on motion of Chairman Stanford at a total cost of \$5,650. Commissioner Wilson was authorized to arrange for the construction of a bridge over the north fork of the Ogden river near Liberty.

Since the beginning of the strike Mr. Seeley has been the friend of the Utah Fuel company, and with others has been employed in recruiting men in the valley settlements to work in the mines. He, together with his son-in-law, Nad Olson, had gone to Castle Gate yesterday from Emery county with about a dozen men to go to work there.

During the evening Mr. Seeley spoke at the meetinghouse. When he left there, in company with Grant Reynolds, he was slippel upon from behind and viciously assaulted by some unknown party. Pleasant View Ward, Utah Co., Feb. 13.

Our ward is in a very scattered condition. It is just north of Provo, extending to the mouth of Provo canyon, a distance of about four miles. It is nearly two miles wide. Living thus in such a scattered condition it is very difficult for all to get together often, but Friday, Feb. 12, was an exceptional day, when the old folks had their annual reunion and handshake. An excellent dinner was given in the ward house—a feast fit for kings, Elder John and Holbrook of the stake presidency were present and participated in the festivities. Our veteran Elshop, Alex, Gillespie, made a happy address and spoke of the condition of the ward. An interesting program was rendered, followed by a dainty luncheon. All the old folks of the ward, who could leave their homes, were present, and appreciated the occasion very highly.

The day was fittingly closed by a leapyear dance at night, which was the most successful party of the season.

On Feb. 8 the funeral services were held over the remains of Martha, the eight-year-old and only daughter of Mr. and Mrs. Walter Corbett. She died in the Provo hospital, after an operation for apendicitis.

Incipient Blaze in Schoolhouse-Public Buildings Need Inspecting.

Special Correspondence. Brigham City, Boxelder Co., Feb. 15.— The Fruit Growers' association is be-

ginning to assume a definite form. A considerable number of our citizens met in the court house last Saturday evening to discuss and adopt a constitution which was done. About 25 signed. There will be another meeting next Saturday evening for the purpose of

completing the organization.

It is thought an organization of this kind will be of great benefit to the growers. For this year it will be expected to move along educational line only; but it is anticipated the association will grow, that it will receive the support of all producers and eventually all fruit and vegetables grown for market in and about Brigham City will go

through its packing house.

We had a little blaze in the Third ward schoolhouse Friday afternoon. A defective flue was the cause. Owing however, to the prompt response of the firemen, no great damage was done and no one was hurt.

Nearly all of our public buildings should be inspected and proper exits provided. There is perhaps not one as it now stands but what is a veritable to the Herald says:
